

BATEMAN

DEMO-MAG GRAPPLE

DMG SERIES

The Bateman Demo-Mag (demolition magnet grapple) is one of Bateman's innovative all-in-one attachment. This attachment combines the versatility of our demolition contractor grapple with a durable magnet; giving it the ability to maneuver material & separate valuable ferrous steel without switching out attachments.

The bateman demo-mag is guaranteed to reduce your labour costs, machine downtime & increase your return on ferrous metals!

Available with adjustable stiff link or optional cylinder

Heavy-duty AR500 tips with high tensile strength & abrasion-resistant material in high wear areas

Available with pin-on lugging or quick coupler hooks

Heavy-duty magnet for lifting ferrous steel
